**OUR LADY'S
KINDERGARTEN
PROGRAM**

WHY OUR LADY'S KINDERGARTEN?

Kindergarten is a significant milestone and the beginning of a lifelong, faith-filled journey. Our Lady's kindergarten offers children the opportunity to nurture his or her social, physical, intellectual and spiritual growth.

Recognizing that each child develops differently and is uniquely gifted by God, our team of professional staff strives to help all children reach their full potential. We focus on nurturing a safe and caring environment. Using our Catholic values as a guide, Our Lady's kindergarten ensures that your child is safe and comfortable in our classroom environment.

"It's been our experience here at Our Lady that at every point along the way, the teachers have really been able to meet our children's academic needs. My husband and I both just said to each other, we want that for our kids."

-Mrs. Massa, Parent of Four

Program Details

Providing a full day program since 2011, our dynamic teacher has over 30 years of experience teaching in Catholic schools, and 22 years in kindergarten. With her is a full-time aide. Students learn and play in a renovated kindergarten wing featuring a spacious classroom, kindergarten bathrooms, and a "brag-tag" incentive wall. Before and after school care is available, as well as daily hot lunch and district busing. Kindergarten joins in school liturgy once a month with their 8th grade buddies. They may also participate in various school activities such as soccer, track, and cross country. To facilitate ease of movement our kindergarten students do not wear uniforms.

Parents as Partners

Our school values parents as partners. We know that parents are the first and best teachers of their children. We look forward to fostering a positive relationship with you so that together we can achieve excellence in education for your child. We welcome parents into school to assist with classroom table centers and celebrations. Volunteers are also needed for the lunch room, playground duty, and field trips.

Curriculum

Our Lady's kindergarten curriculum is grounded in the Catholic faith with basic academic and social skills being taught for the whole child. Our Language Arts lessons are based on a letter and theme of the week. Children are guided along their reading journey through rich text, kid-writing, learning centers, and digital resources. The basics of numerals and number sense are practiced each day. Technology is woven into our curriculum daily with our Smart Board lessons, and a classroom set of iPads for instructional use and practice. Students are also introduced to Spanish, sign-language, computers, physical education, art, music, library, science, and social studies concepts.

Visiting

It is our pleasure to provide a personalized tour to your family. A Kindergarten Open House is also hosted every year during the last week of January. Additional preschool events throughout the year offer your child an opportunity to interact with the teacher in the classroom, and to meet other preschool-aged friends. To schedule your visit or to be added to our email list for upcoming events, please contact us today!
