

Computer-Internet Use Policy

This simplified policy for students in K-3 covers the key points of the formal Acceptable Use Policy for OLPH School.

Using the Computer

- I will follow all directions my teacher gives when using the computer or iPad.
- I will not share my password with others.
- I will handle all equipment carefully.
- I will have clean hands when using computers or iPads.
- I will not bring in computer programs from home and I will not take school programs or equipment home.
- I will not intentionally damage another student's work.

Using the Internet

- I will follow all directions my teacher gives when using the Internet.
- I will only go to websites given by my teacher.
- If words or pictures not appropriate for children appear on my screen, I will immediately turn off my monitor and then tell my teacher.
- I will NEVER give personal information about myself, my parents, or another student, on any website.
- I will not copy anyone else's words or pictures from a website without asking permission and giving them credit for their work.
- I will only enter acceptable classroom language when using computer programs and the Internet.
